

FORENSIC EVIDENCE COURSE

NEW ORLEANS, LA
DECEMBER 6-9, 2021

LIMITED NUMBER
OF TUITION
SCHOLARSHIPS
AVAILABLE

The Forensic Evidence Course is designed with the entire prosecution team in mind! The challenges facing prosecutors, local law enforcement, and investigators in prosecutors' offices as well as laboratory professionals managing this evidence, seem to be increasing exponentially with the use by defendants of 21st century sources of evidence. With the variety of forensic evidence that must be collected, processed and retained appropriately, as well as complexities that are inherent with increased technology and scientific acumen, we see an amplified need to spread cutting edge education, effective investigative , and pretrial and trial strategies to professionals within the criminal justice system . This course provides a collaborative learning environment to ensure justice in our communities.

Eligibility: Multidisciplinary

CLE: 22.25 hours including 1.5 hours of ethics.

The agenda can be found on the [NDAA website](http://NDAA.org).
